Claims 1-18 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose, teach, or suggest, taking claim 7 as exemplary, collecting analysis information about a redundant non-active portion of the circuit through the computer network and excluding an affect of the redundant non-active portion from the verification result, in combination with the collecting, converting, making and storing steps as recited in their totality.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
